Read the unseen passage

THE SWEET TASTE OF SUMMER

I am thrilled that June is finally here! Now I can enjoy what I call “the sweet taste of summer”! Watermelons are in the stores and I plan to eat one every day for the next three months. I think watermelons taste better than any other fruit. Peaches, plums, and strawberries are also great in the summer. I enjoy eating those, too. But they just don’t taste as good to me as a sweet, sweet watermelon. My whole family likes eating watermelons. We ate at least three watermelons a week last year. This year, I am going to eat watermelon every day.

On the basis of your reading answer the following questions

1. Why is the girl excited that June has arrived?
2. What is her favorite fruit?
3. How long will the watermelons be available?
